INTENT 4

- Both DMs identified with confirmed phone numbers
- Very recent permit (Jun 3) — actively accelerating buildout
- $800K buildout = serious capital committed
- El Paso operators new to Austin = zero existing Austin vendor relationships
- Independent LP = no chain procurement barrier

OPP 3

- 3,763 SF on East 7th = full-service scale, premium location
- El Paso hospitality background (The Reagan) = proven operator
- Single location limits portfolio multiplier; wine/cocktail bar model supports strong ticket

THE OPPORTUNITY

WHY PITCH NOW

El Paso operators expanding to Austin for the first time — no existing Austin vendor relationships for any category. $800K buildout signals serious investment and intent. Best window is now, before they establish relationships with Austin-area suppliers.

BUSINESS OVERVIEW

Owner	Brian Knowles (sole owner)
Address	3908 Avenue B, Austin TX 78751
Neighborhood	Hyde Park (Baker Center)
Coffee	Open since Nov 2022 — boiler room at Baker Center
Wine bar	In buildout — former band hall, adjacent to coffee shop

Revenue (wine bar)	+$150K–$300K/yr once open
Website	terriblelovecoffee.com

INTENT 4

- Q3 2026 timeline explicitly stated — window is now
- Brian is sole decision maker — no organizational layers, short sales cycle
- Existing operating business = vendor credibility established
- Wine bar buildout = net-new equipment, insurance, POS, linen all needed at once

OPP 2

- Single location, small format; revenue ceiling is modest
- High owner accessibility partially offsets smaller deal size

PITCH ANGLE

APPROACH

Employees	50–80 (US location; Canadian corporate support)
Est. open	Q3–Q4 2026
Website	moxies.com · @moxiesrestaurants

INTENT 3

- MB license issued May 27 — opening confirmed
- Congress Ave downtown flagship = high visibility, vendor decisions being made now
- Canadian chain entering US with no US vendor relationships
- Centralized procurement at Canadian corporate is the primary risk

OPP 3

- Congress Ave = Austin's highest-volume hospitality street
- 60+ locations: if approved at corporate level, potentially a multi-location relationship
- First US entry = fresh vendor slate, no incumbents

DECISION MAKERS

No local Austin DM confirmed. Parent entity headquartered Winnipeg, Canada. Van Nostren Enterprises LP is the Texas operating entity. Austin likely has a local GM or regional director — not yet identified.

APPROACH

Purchasing decisions for a Canadian chain's first US location are likely made at Canadian corporate level. Priority: find the US expansion contact at moxies.com corporate page. Secondary: search Apollo for "Van Nostren Enterprises" or "Moxies Austin" + GM/regional director. Confirm procurement structure (centralized vs local) before investing full pitch time.

BUSINESS OVERVIEW

Entity	Stout Linc LLC
Business name	Stout House
Address	6406 N Interstate Hwy 35, Austin TX 78752
License type	Mixed Beverage (MB) — Retail
TABC issued	May 12, 2026 · Expires May 11, 2028
Concept	Bar/restaurant implied by business name and MB license
Source	TABC Travis County CSV (row 12) — confirmed

CORRECTION: Prior enriched profile (lead-07) identified this buildout at 6406 N IH-35 as Lima Criolla / I.K. Osorio Investments LLC. TABC data (row 12, May 12, 2026) confirms the actual licensee is **Stout House / Stout Linc LLC**. Note: Lima Criolla remains the confirmed tenant in Suite 1550 of the same building (separate suite, separate operator). The prior profile's contact data (Susana Vivanco, Lima Criolla) does not apply to this buildout.

INTENT 3

- MB license issued May 12 — committed to opening
- N IH-35 at 78752 is high-traffic, established commercial corridor
- Independent LLC = owner makes all vendor decisions

OPP 3

- Bar/restaurant on N IH-35 = solid volume and consistent traffic
- Full MB license = complete vendor scope (food, bar, equipment, insurance)

DECISION MAKERS

No DM identified. Stout Linc LLC is named but the principal behind the entity is not confirmed from TABC data or other public sources.

Note on "#2"	"LFA #2 LLC" strongly implies an existing LFA #1 operation — multi-location operator likely
Concept implied	Farm-to-table / local sourcing (per name)
Source	TABC Travis County CSV (row 6)

INTENT 3

- MB license issued May 27 — opening imminent
- N Lamar / Hyde Park is one of Austin's strongest independent dining corridors
- "#2" entity suggests an experienced operator expanding, not a first-timer

OPP 3

"Interior remodel of existing pizza restaurant to accommodate new pizza restaurant"

INTENT 3

- All 4 permit types issued simultaneously = committed, active buildout
- Domain Northside = premium destination with high operator quality
- "Replacing existing" suggests experienced operator (not first-timer)

OPP 2

- Pizza concept = solid but not top-tier ticket average
- Domain location partially offsets; operator identity needed to properly score

DECISION MAKERS

No operator identified. Could be a rebrand of the prior pizza tenant or a new incoming operator — the permit description doesn't distinguish.
